

**Loring Development Authority of Maine
Water Plant Maintenance & Operator**

The Loring Development Authority of Maine is accepting applications for one full-time **Water Plant Maintenance & Operator** position. Applicants for this position should hold, or be willing and able to acquire, State of Maine Water Treatment System and Water Distribution System licenses in the appropriate classes.

A valid Maine driver's license is required, and the applicant must be acceptable to the LDA's vehicle insurer. Preference will be given to applicants with at least two years of experience in water treatment plant operations and those holding a **Level IV Production License**. Experience in related mechanical systems and/or additional licenses in water distribution and collection systems are desirable.

Benefits include healthcare, dental, and retirement plans.

Interested applicants should submit a letter of application, resume, and proof of licenses to:

Jonathan M. Judkins
President / CEO
Loring Development Authority of Maine
119 Weinman Rd
Limestone, Maine 04750

Resumes and application materials are due by June 19, 2026.
